Gravel & Pebble Adhesive Binder

What is EasyBound?

Introducing EasyBound, your go-to solution for creating beautiful, durable garden features with ease. This Gravel & Pebble Adhesive Binder is perfect for anyone looking to enhance the exterior of their home.

With EasyBound, you can effortlessly craft stylish patio borders, secure gravel or pebble top layers on plant pots, or design custom decorative features.

Simple to apply and long-lasting, EasyBound ensures your stones stay in place, giving your garden a polished and professional finish. Transform your garden with EasyBound - the easy way to a beautifully presented outdoor space.

Sustainable!

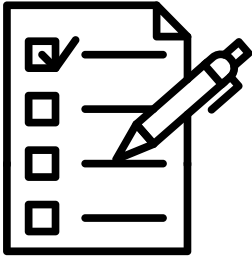

Some Applications:

- Patio Borders
- Plant-Pot Toppers
- Garden Path Edging
- Flower Bed Borders

Available in
4 unique
styles!

EasyBound - Prep:

- Ensure the area has a minimum depth of 3cm.
- Remove any unwanted debris and tidy up the surface.
- Apply strong tape around any edges where you don't want EasyBound to go.

EasyBound - Mix:

- Open a bag and pour in ½ of the EasyBound solution (there's a line on the bottle).
- Hold the bag closed with one hand and blend for 1 minute with the other.
- Repeat the process with the second bag.

EasyBound - Lay:

- Pour the mixture onto the prepared surface and spread it evenly.
- Carefully remove the tape.
- Let it set overnight—seriously, don't touch it!
